## JOE REDOUTEY

Brodie Golf Manufacturing Co. was founded in 1992 by Joe Redoutey to bring cutting edge technology to the golf industry. Through Brodie Golf, Redoutey has brought golf innovations that are still being used in the golf industry today.

- Designed the first over-the-hosel irons that were used on the PGA tour.
- Designed the Sandman sandwedge and the Heller putter (Heller putter won the first professional tournament it was used in).
- Designed the Big Dawg driver that won several long drive contests
- Joe's companies have built drivers for four (4) U.S. Open winners and two (2) Master winners.
- Co-founder of the Perfect Swing Golf

Academy

- Over 40 years golf experience in designing and building golf clubs

Exclusive designer and builder of the Joe Redd Custom Irons. Distributor for Scor Wedges (voted #1 wedges by Golf Magazine), and builder of Bang Drivers that hold all the world distance records for men, ladies and juniors.

Redoutey is one of eight (8) golf club designers and fitters for Don Trahan's famous Peak Performance Golf Schools. He also has been appointed as one of True Temper Shaft company's performance fitting centers for central Florida.

Brodie Golf's facility at Harbor Hills Country Club is equipped with all the latest fitting and golf club analyzing equipment. For appointment to have your clubs checked, for a club fitting, or to try the longest hitting drivers in the world, call the numbers below.

Private office: 352-735-0763, Cell: 352-205-0217 or Pro Shop (ask for Joe): 352-753-7711.

## THE PERFECT SWING GOLF ACADEMY

The Perfect Swing Golf Academy is completely different than any other golf educational program. The co-founders have over 70 years experience in the golf education, club design, and customization of golf equipment. The master teaching professional, Tom Leinberger, has over thirty (30) years in golf swing analysis and instruction. He has been the lead instructor at many golf schools, or which one was named by Sports Illustrated as "The Best in the Country". The master club fitter, Joe Redoutey, has over 40 years experience in club fitting and design. He has built clubs for four (4) US Open winners and two (2) Master champions. He is also one of True Tempers' performance fitting instructors.

We at the Academy believe that all golfers are born with their own perfect golf swing. Our academy is designed to help you execute your swing properly. We also make certain that your clubs are properly fitted to your perfect golf swing and are not working against you. Your physical abilities are taken into consideration resulting in a fun golf experience free of pain or physical discomfort. We have a structural therapeutic analyst on staff to help correct any of your problem areas.

Our schools are limited to 12 students, so everyone gets all the personal attention they need. It is held at the very prestigious Harbor Hills Country Club in Lady Lake, Florida. The cost of the two (2) day school is \$399.00. We are excepting registration for the winter season. Call for dates of the next school. We can arrange for special schools of 10 students by appointment. We also arrange lodging for our out of town students at a very favorable rate.

To register, you can email us at [bdenterprises1@gmail.com](mailto:bdenterprises1@gmail.com) or call us at (352) 753-0763 (private office) or (352) 205-0217 (cell).

## ACADEMY SCHEDULE

***After***

### DAY ONE

- 8:00** ***Introduction and Evaluation***  
The PRE Test- Video Analysis, Club Evaluation, Swing Analysis
- 9:30** ***Fundamentals of the Full Swing***  
The basic building blocks are covered... the grip, the setup, the pre-shot routine, important for even the most seasoned golfer.
- 10:30** ***The Wonderful World of Wedges***  
The real keys to scoring, wedge play, chipping and pitching are covered in this informative session.
- 12:00** ***Lunch and Learn at The Grill***  
Review of the morning's video analysis and some great food.
- 1:00** ***The Art of Putting***  
If you are like us, frustrated with the three putt or four putt holes, let us show you the way to the cup.
- 2:00** ***Life's a Beach - Bunker Play***  
No more panic when you hit it in the beach... we will show you how to safely get out of those tricky sand shots.
- 3:00** ***Hit it Long, Straight and Far...***  
Now let's up it right down the middle and address the full swing... we will add yards, accuracy and take away any pains in your current swing.
- 4:00** ***Summary and Q & A with Tom***

### DAY TWO

- 8:00** ***Range Play and Practice***  
Routines to improve fitness and drills to improve your game. Let's warm up properly!!!
- 9:00** ***Chip and Pitch Like a Pro***  
Never addressed or practiced, yet an easy way to greatly improve your score on your next round.
- 10:30** ***Hybrid, Wood or Irons?***  
So, you hit that drive beautifully, what's next?... Let us show you the proper approach and help you put it on the green with the right club and a beautiful full, fluent swing.
- 12:00** ***Lunch and Learn at The Grill***  
More video analysis and time with the pros with some great food at the Harbor Hills Signature Grill.
- 1:00** ***Let's Tee It Up!!! Fun Time.***  
The final exam... 18 holes with the Pros. Play side by side with our pros as they help you with each shot for the afternoon. The best caddies you'll ever have on the course.
- 5:00** ***Closing Comments and Cocktails***

## JO BELLOW

Jo Bellow has joined the staff of Brodie Golf Mfg. Co. to assist Golfers at our Perfect Swing Golf Academy. Joe Redoutey and Tom Liemberger, co-founders of the Academy, became aware of how their students golf swings and overall golf attitudes were limited by certain physical problems. They were so impressed by Jo Bellows ability to alieve some of these problems that they asked Jo to join their staff at The Perfect Swing Golf Academy.

Mrs. Bellows has been helping people experience pain-free living in and around Central Florida for the last ten years! She specializes in individual holistic health services that can't be found anywhere else! She will be available at all the Perfect Swing Golf Academy training schools for personal consultations and demonstrations. This is just another way our academy gives you a more complete golf learning experience.

**"IF YOUR CLUBS DON'T FIT RIGHT, THEY WON'T HIT RIGHT"**

# BANG-O-MATIC

CUSTOM FIT AND BUILT BY BRODIE GOLF MANUFACTURING CO.

Bang-O-Matic driver is the longest hitting driver ever made. It holds the current long drive record of 539 yards. It also holds the women's world long drive record of 362 yards and junior's world long drive record of 400 yards. Bang-O-Matic driver has won 6 world long drive championships since its debut in 2004.

Bang-O-Matic is the first driver to feature the Flow Alignment (FA) System technology design. Flow Alignment directs more energy from the club head to the ball with less power dispersion. Most modern-day drivers deliver only 78% of the proper directional energy toward the ball with 22% dispersion of energy. With the unique Flow Alignment System technology, the energy transfer rate

increased up to 94%. This contributes to a straighter and farther drive.

Joe Redd Custom Golf Company  
At Harbor Hills Country Club

Bang-O-Matic has 460cc and 401cc versions. The 401cc driver head is designed to appeal to players who prefer smaller heads and comes in colors of black, burgundy and navy blue. The driver is offered in lofts from 4.5 degrees all the way up to 20 degrees in both right and left handed, mens or ladies.

Brodie Golf Manufacturing Co. offers all Bang-O-Matic drivers custom fit and custom made in all the above lofts.

# JOE REDD CUSTOM GOLF CLUBS

BRODIE GOLF MANUFACTURING CO.  
EXCLUSIVE WORLD-WIDE DISTRIBUTOR

Joe Redd Custom Golf Company  
At Harbor Hills Country Club

**HH 1**

**HH 2**

**HH 3**

HH1 features all the important details a better golfer covets in a modern day iron. Reduced offset, more compact blade length, narrow sole, and thinner top line.

HH2 was created to fit the widest range of golfers. Moderate offset and non glare top line allows today's players to hit solid, straighter, and longer shots.

HH3 is targeted more for mid to higher handicappers, slower swingers and those that have a more sweeping type swing. A 20% wider sole than our HH2 model, this enables the ball to get up in the air quickly from virtually any lie with maximum forgiveness.

**"IF YOUR CLUBS DON'T FIT RIGHT, THEY WON'T HIT RIGHT"**

# SCOR4161

BRODIE GOLF MANUFACTURING CO.  
DISTRIBUTOR FOR SCOR WEDGES

# SCOR GOLF

Rethink your game.

## Patented V-SOLE®

It handles any lie on any course... for any golfer. The leading portion of the sole has a high bounce to prevent digging in softer turf or on more delicate shots around the green; the main portion of the sole has a low bounce to give you outstanding performance from tight lies and the fairway. Every **SCOR4161** club is like having two or three specialized and limited-use bounce designs from any other brand.

## GENIUS® shafts

Our proprietary GENIUS steel and graphite shafts give you almost a dozen material/weight/flex options to optimize your feel and performance. No one else comes close.

## SGC3 Progressive Weighting

The difference between your gap and lob wedge is the same as that between your 3-wood and 5-iron. So we engineered seven different head designs across 21 lofts to give you unmatched

**"IF YOUR CLUBS DON'T FIT RIGHT, THEY WON'T HIT RIGHT"**

# SCOR4161

BRODIE GOLF MANUFACTURING CO.  
DISTRIBUTOR FOR SCOR WEDGES

# SCOR GOLF

Rethink your game.

shotmaking accuracy. And all of them feature a higher center of mass to give you better trajectories for pinpoint distance control.

## 21 exact lofts for infinite precision

For ultimate short game precision, we engineered every loft from 41 to 61 degrees. No other company has ever done this, but it's the only way to ensure you have ultimate precision... all the way down to your 9-iron if you'd like.

## Tru-Form-Forged 8620 carbon steel

Mild carbon steel is preferred by most tour professionals, but only **SCOR4161** combines the precision of casting with the feel of forging. Each is super-heated and

compressed under 800 tons of forging pressure to re-align the granular structure for unprecedented feel and responsiveness.

## Custom Fit. Custom Built.

One of the best things about **SCOR4161** is that every club is built to order, just for the golfer who's going to play them. At **SCOR** Golf there are no assembly lines, no "Assembled in China" stickers. Your Authorized **SCORFit** Short Game Fitting Center will make sure yours are properly fitted to your game, and we'll build them that way.

Ask your **SCORFit** Professional for a demo and custom-fitting session. Lower scores will begin to happen immediately.
